Introduction

The objective of the “STEP Library” is to handle the entire activity of a library. The software keeps track of all the information about the books in the library, details of people who have borrowed the books, add new books to the Library. The user will find it easy in this automated system rather than using the manual writing system. The system contains a database where all the information will be stored safely. The system is user-friendly.

Login

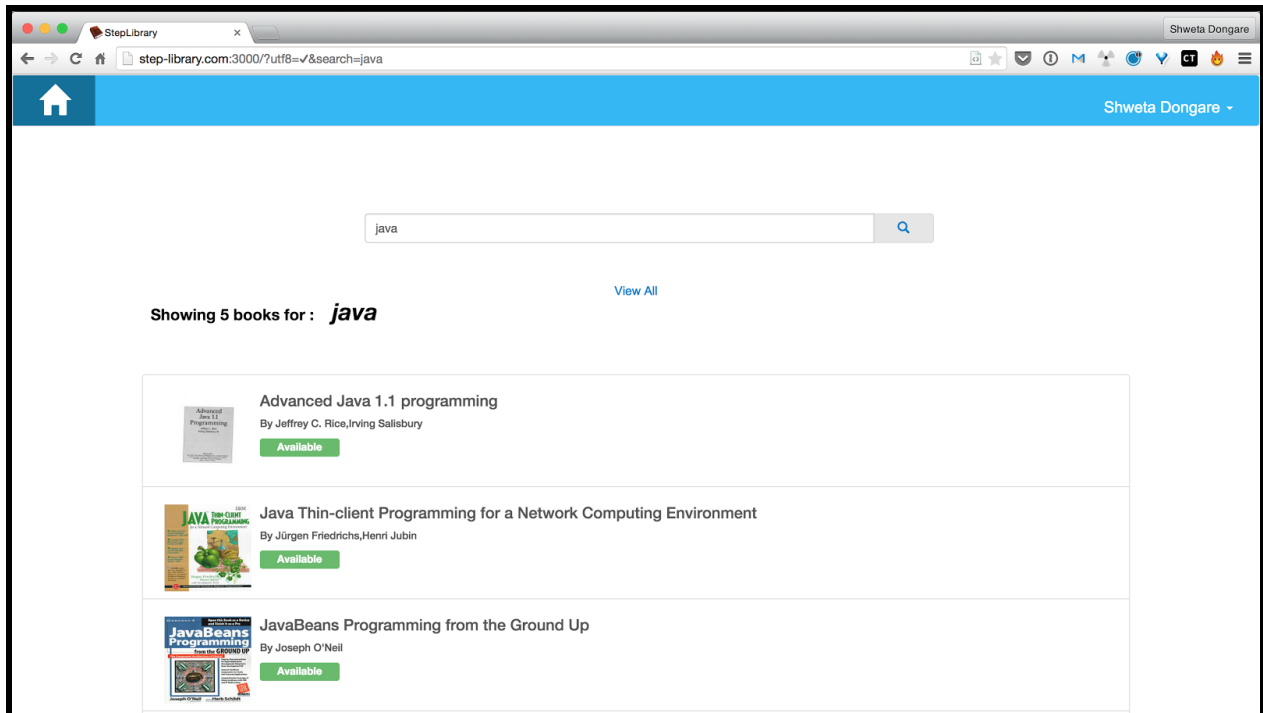

Users who are part of the [Facebook STEP group](#) must login by:

- Clicking on ‘Continue with Facebook’
- Enter their facebook credentials
- Selecting Login to advance to the next screen and begin using the application.

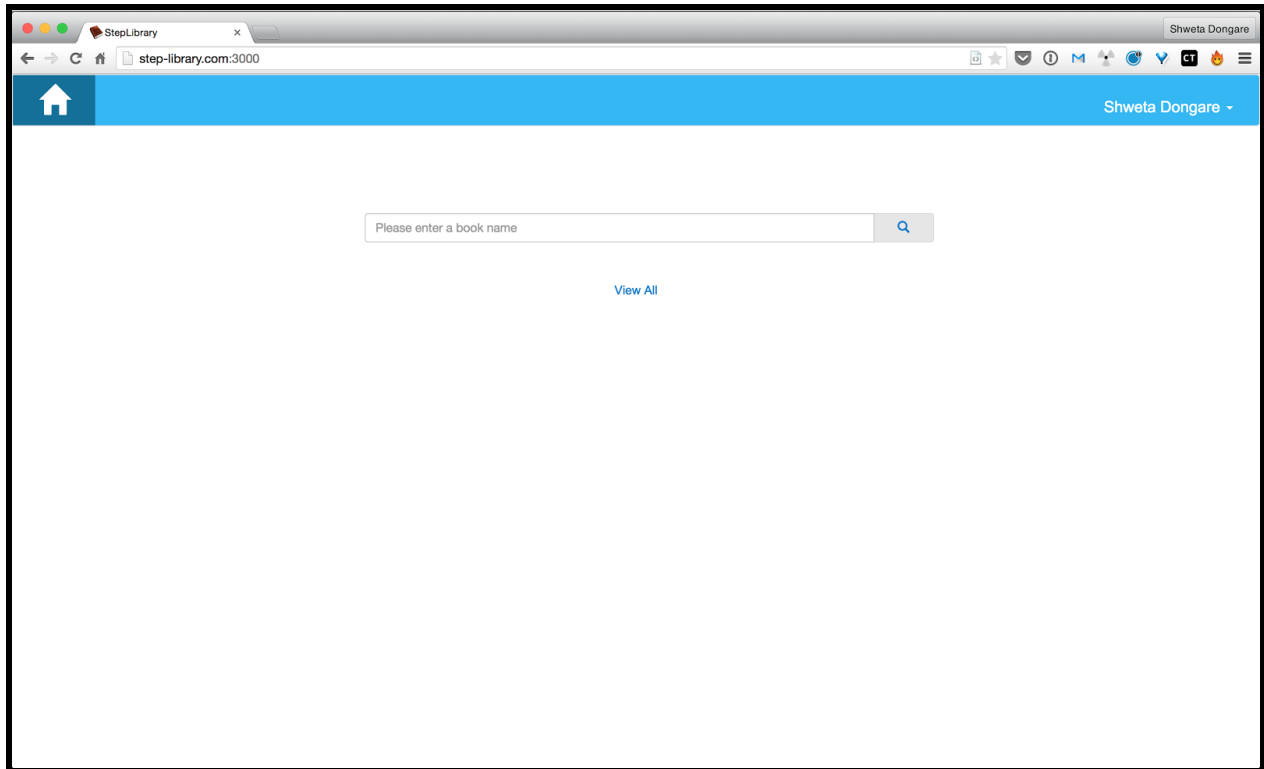

Search a book

Users can search books by 'book title'. Once clicked on the book you will be navigated to the respective book profile page.

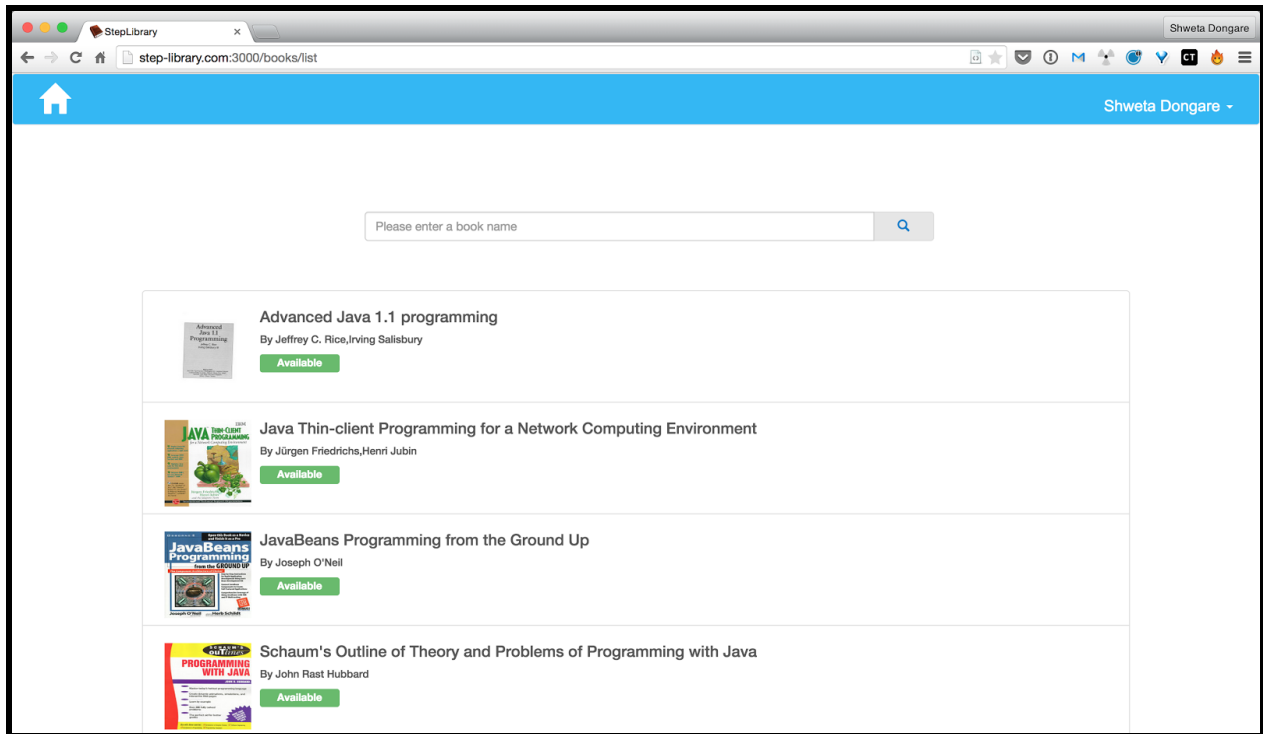

View all books

On the home screen user can 'View all' books.

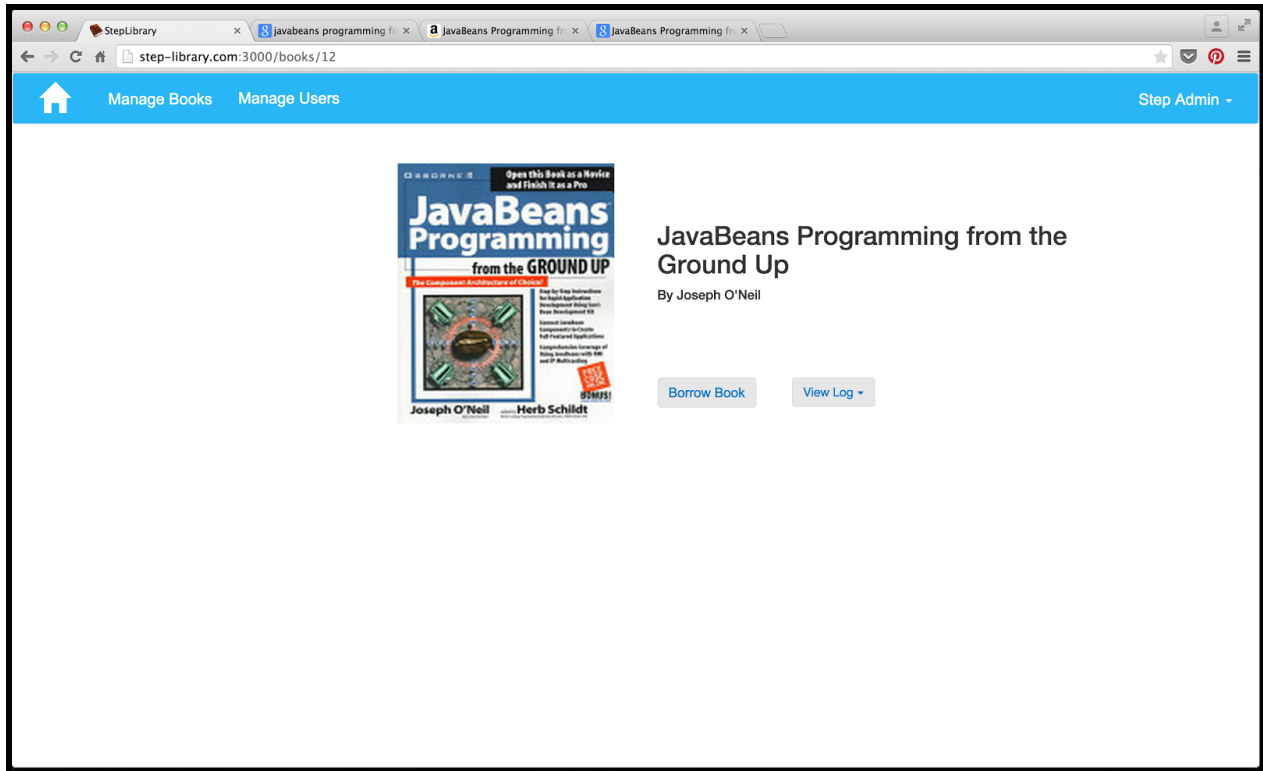

Once clicked on 'View all' user will see all the books in the library alphabetically sorted by the availability.

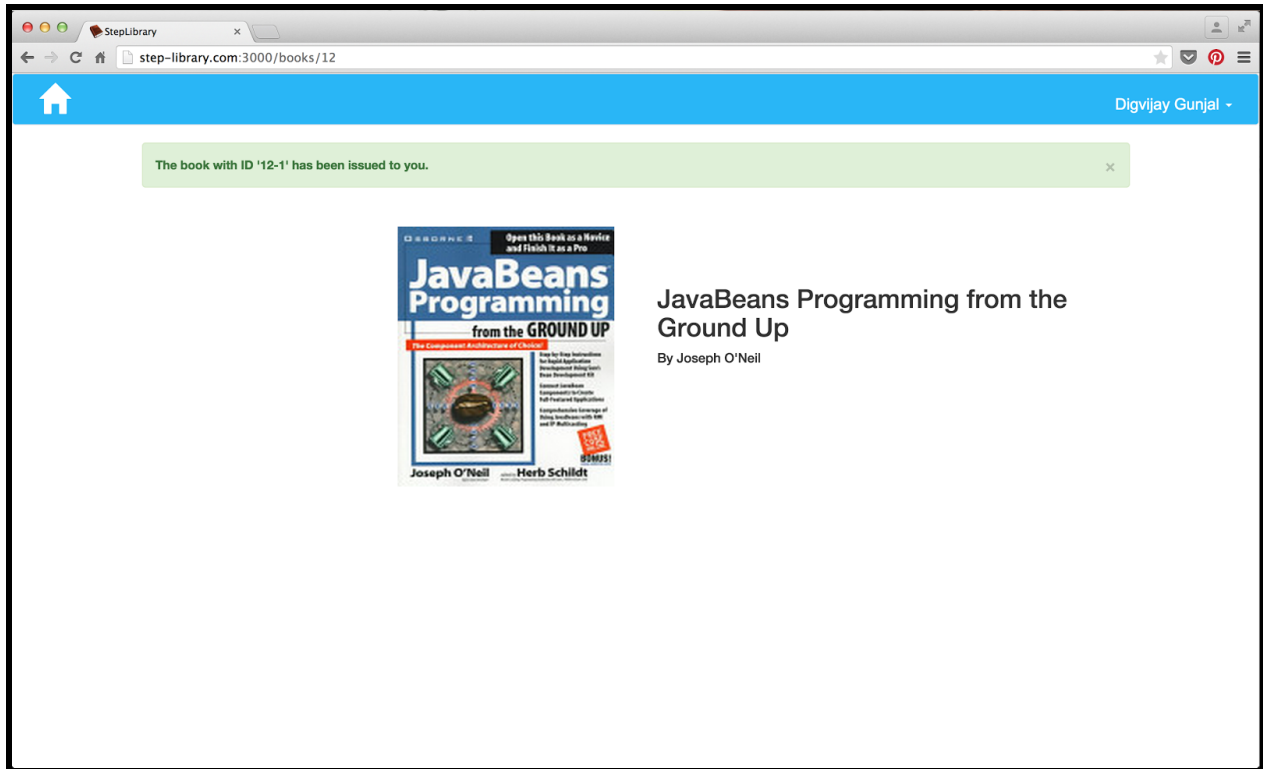

View book Details

When you 'View all' books or search books and click on it you will be able to see the details of that book.

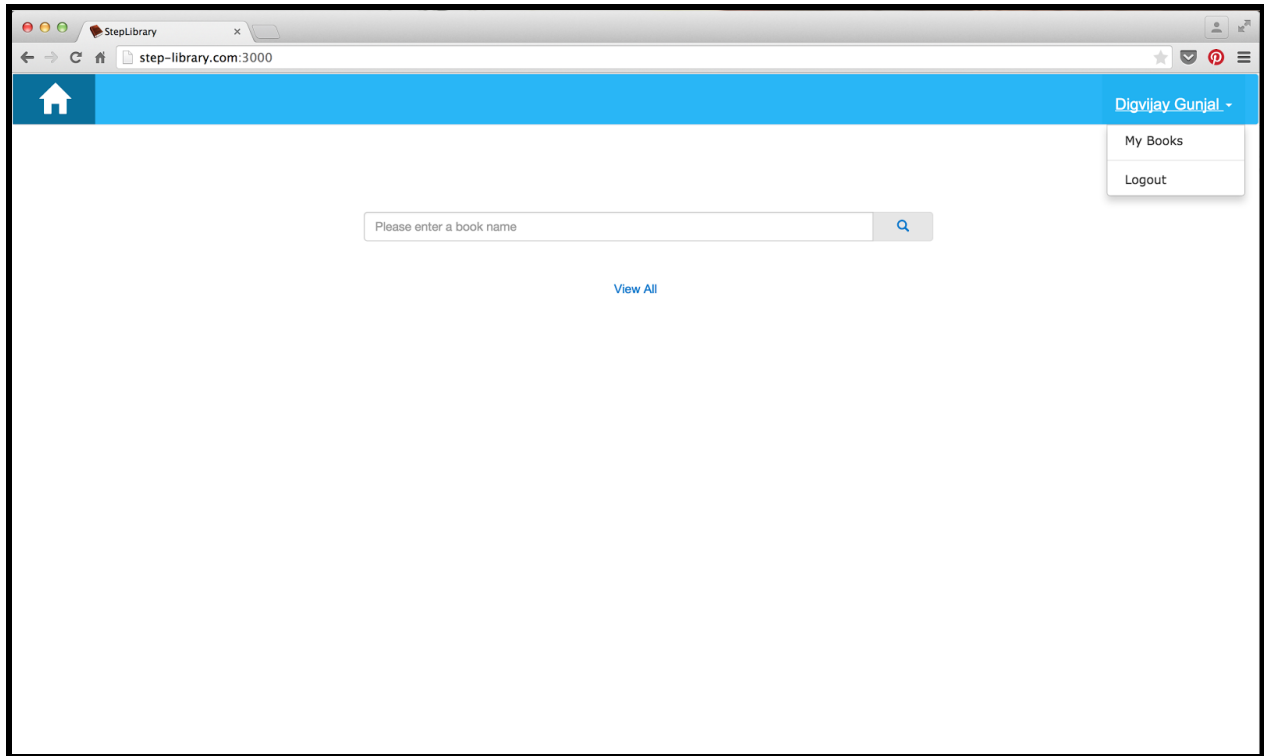

Borrow books

By clicking on 'Borrow Book' from book profile you can borrow book from library.

See books borrowed by you:

By clicking on My Books' from user action you can see books you have borrowed.
